

FOR INSPIRATION AND RECOGNITION OF SCIENCE AND TECHNOLOGY

**FIRST FINALE 2010
CENTENNIAL OLYMPIC PARK,
ATLANTA, GEORGIA**

**Saturday, April 17, 2010
6:30PM – 9:30PM**

The *FIRST* Finale action begins from the moment you approach the Belvedere entrance of Centennial Olympic Park, with the energy and excitement of **The Seed & Feed Marching Abominable**.

Based in Atlanta, Georgia, the Seed & Feed Marching Abominable is a volunteer marching band that brings the joy of the unexpected through music and street theater. The band has given members the opportunity to keep alive musical interests that might otherwise be lost forever.

See and hear the thrills and amazement that only a marching band can bring! This band plays for the joy – the joy of making music and the audience's joy in hearing it.

Stilt Walking Jugglers will welcome you upon arrival and entertain you throughout the evening inside the park.

You probably remember break-dancing, the fad from the 80's that you thought went the way of the single sequined glove. Most break-dancers moved on to another trend, but some never quit. They only got better. **Burn Unit** is a coed, multi-ethnic crew of Atlanta breakers (or b-boys and b-girls, their preferred terms) who keep the hip hop traditions alive. You may have tried a fairly basic move like the "coffee grinder" yourself back in the day, but the form has evolved fantastically. Burn Unit and other modern day b-boys have incorporated elements of gymnastics, martial arts, capoeira, and even animal movements to create a style that never fails to amaze. Burn Unit will complete the entertainment line-up leading to the park.

Once you enter Centennial Olympic Park, you will have a variety of food, entertainment, and interactive activities from which to choose. You will also see a variety of **Midway Games** where you can test your skills and take home prizes.

Interactive entertainment opportunities will be scattered throughout the entire park, including karaoke. *FIRST* Championship teams will be encouraged to take their places on one of two separate **Karaoke Super Stages**, complete with Vertical Truss and Moving Lights.

The South and upper side of Centennial Olympic Park will be filled with a vast selection of **Inflatable Games** and **Carnival Rides**...

Laser Tag....

Bungee Run....

Golf Driving Inflatable.....

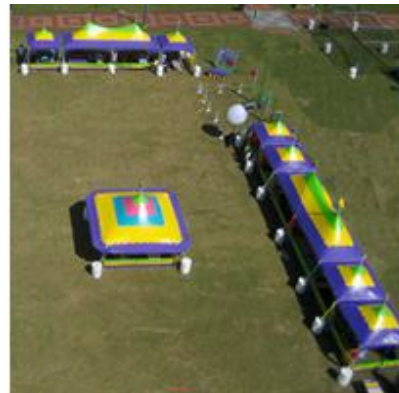

Adrenaline Rush Obstacle Course

Catch a Wave.....

Carnival and Midway Games....

... to name just a few of the many selections!

On the **Main Stage**, the opening entertainment will feature a DJ playing lively music as you find your way to the various entertainment, food, and interactive offerings of the event.

Back by popular demand is the **FIRST Quiz Show Challenge**.....

Every night, millions of TV viewers play along with their favorite game shows... buying vowels... blurting out answers. It's almost as American as baseball and apple pie. You are the contestants as you answer questions about **FIRST** and earn points for your team.

The audience stays involved: clapping, cheering on their team, guessing the answers themselves! Outrageous questions, light-activated displays, a killer sound system, and an entertaining host make for an awesome experience. The audience won't stop cheering for their favorite players as the scores mount. This one is a guaranteed crowd pleaser!

The featured entertainment this year is an Elton John Tribute!!! **"Almost Elton John"** is a performance that celebrates decades of chart topping songs! Do you remember when Elton John was the Rocket Man of the music charts? Tonight you are transported to the days of big hair, outrageous clothes and cheap gasoline! Almost Elton John stars multi talented singer and pianist Craig A Meyer whose credits include appearances in Film, Television, even Broadway! In music, Meyer has toured internationally and recorded with music legends Barry Manilow and Frankie Valli, and has headlined for Princess Cruises around the world. Today, Meyer is known to be one of the best Elton John Tribute acts in the industry. His strong vocals, looks and amazing talent on the piano has every audience remembering when rock was young. This isn't just nostalgia! It's today! It's fresh! It's **LIVE ON STAGE!**

Whole World Improv evolved from workshops and classes taught by David Webster in late 1993 and early 1994 in Atlanta, Georgia. From the many students he taught, Webster hand-picked a dozen to form the core of what would become the hottest improv group in town. Whole World Theatre offers a truly unique blend of improv and theatre.

The final act is **The Wrecking Crew**... sure to close the *FIRST* Finale with sizzle and excitement by way of their infectious and hypnotizing rhythms. They are unmistakably unique as they turn everyday objects into percussive instruments making music with trashcans, pipes, buckets, frying pans, hockey sticks, hard hats, basketballs, briefcases, and various household appliances (or even real drums!). The exhilarating beat concocted by these industrial madmen will compel you to move and groove; possibly to the point of erratic behavior!

The evening is not over yet, however, as your attention will be riveted by the grand finale for this evening's festivities... a ten minute, multi-colored, and flawlessly choreographed **Fireworks Display!**

Come join us for an evening of fun and excitement, all in the splendid panorama of Atlanta's legacy to the 1996 Olympic Games, Centennial Olympic Park!
